EDUCATION

CHANDIGARH UNIVERSITY
B.E. in Computer Science
Grad. May 2027

RSM INTERNATIONAL SCHOOL
Jodhpur
12th - PCM | Grad. March 2022
84.2%

MAHAVEER PUBLIC SCHOOL
10th (CBSE) | Grad. March 2020
93.2%

TECHNICAL SKILLS

Programming:
- C++, C, Python, Java

Skills:
- Machine Learning
- Deep Learning
- NLP, MCP
- SQL, LangChain
- LangGraph, FastAPI
- NumPy, Pandas, Scikit-learn

COURSEWORK

- Design and Analysis of Algorithms
- Object Oriented Programming
- Data Structure
- DBMS
- Discrete Mathematics
- Operating System
- Probability and Statistics

HOBBIES

- Table Tennis – State-Level Competitor
- Flute – Performed at Public Events

PROJECTS

AI INTERVIEWER AGENT [Link]
Python, LangChain, LangGraph
- Spearheaded the development of an AI-powered mock interview system using LangGraph, enabling stateful multi-turn conversations and adaptive questioning across five distinct interview scenarios, enhancing user engagement.
- Implemented adaptive questioning and hint generation using LLMs (ChatGPT), improving contextual relevance of interactions
- Designed an end-to-end evaluation pipeline to analyze user responses and generate personalized feedback and improvement plans
- Integrated multimodal interaction (text + sketches) to enhance user experience and engagement

WEBSITE CHAT ASSISTANT *[Link]*
StreamLit, LagChain, Beautiful Soup, RAG
- Built an AI-powered chatbot that enables users to interact with and query website content in natural language
- Implemented web scraping and text processing pipeline to extract and structure website data
- Integrated LLM-based retrieval system using embeddings to provide context-aware responses
- Developed an interactive UI using Streamlit for seamless user experience
- Optimized response relevance using chunking and semantic search techniques

EXPERIENCE

- Completed an internship at Anand Rathi, Jodhpur, where I worked on stock market data analysis, identifying trends and patterns using Python(NumPy,Pandas). [Letter]

May 2025 - July 2025

ACHIEVEMENTS

- Codeforces Specialist [Profile Link]
- Achieved University Rank 1 in AMCAT 2025.
- Team Leader of 1st RunnerUp team in INSPIRATHON coding competition organized by CU in collaboration with CodeChef | Aug 2025
- Team Leader of the finalist team in AlgoArena coding event | Sept 2025

CERTIFICATES

- NPTEL - Cloud Computing [Link]
- Coursera - AndrewNG's Machine Learning Specialization [Link]
- Coursera - AndrewNG's Deep Learning Specialization [Link]
- AI Engineer Core Track: LLM Engineering, RAG, QLoRA, Agents [Link]
